

Exports via Ebay

By Sven Kimmel

Stock control system

Good sales come from many listings (ads)

Big stock requires control system

Dismantling yard managing system software, created by our company, is synchronized with Ebay

Stock control system

Create listing in Ebay and mark it with our system item ID

Send listing to Ebay from our system

Re-list similar item from our system

Listings info and templates are stored in our database

Visible part numbers

Using multiple part numbers boosts chance of selling your items

Include all visible numbers, that are written on the part

Current OEM numbers

Use current / valid OEM number, that could be found in different e-catalogues

Courier company

Work with one courier, because the more you send the cheaper it gets.

Multiple postage options

Use multiple ways of postage, but avoid the ones that take too long time

Express shipping is more expensive, but can still give advantage
